BUDGET HEARING MEETING #5

May 8, 2018

HIGH SCHOOL LIBRARY

7:30 PM – 8:00 PM

Overview

- Budget Priorities
- General Fund Codes
- Rollover Budget
- Proposed Adds
- Capital Project
- Revenues
 - Updated State Aid
 - Revised Tax Levy
 - Reserves
 - Applied Fund Balance
- Contingent Budget

Priorities

Elementary:

Recent increases in enrollment have next year's class size averages ranging from 29 to 32 on certain grade levels within the elementary buildings. During our students' first learning experiences, it is our mission to provide individualized learning experiences, where students feel engaged and supported to ensure a strong foundation. With the addition of 5 elementary teachers, the district class average will be reduced to 23-24 students per class, providing more opportunities for exploration and collaboration.

Secondary:

We are setting the foundation for the expansion of academic offerings and increased instructional supports for our middle school students. Phase one will restore the assistant principals in both buildings to give each grade level an administrator who will be the instructional leader of that grade. The additional core teachers proposed for 2018-19 will be academic core teachers targeted to our most critical academic needs in literacy.

General Fund Codes

Code 1000 - General Support - This code area includes budget lines for the Board of Education, District Clerk, the annual budget vote and election, as well as Central Administration (including the Superintendent's office, business operations and human resources), operations and maintenance, utilities and insurance.

Code 2000 – Instruction - By far the largest category of expenditures, all regular elementary and secondary classrooms and other instruction are included here as well as expenditures for special education programs, as required by law, and budgets for extracurricular activities (clubs, intramurals, etc.) and interscholastic athletics.

Code 5000 – Transportation - All student transportation, whether by our own buses or by contract with private companies, are coded here. Salaries for drivers and mechanics as well as the purchase and maintenance of the fleet are included.

Code 7000 – Recreation - This includes the purchase of equipment and supplies for recreation.

Code 9000 – Undistributed - This code refers to budgeted items paid to agencies rather than vendors or individuals. Included here are all employee benefits, such as health, dental and life insurance as provided for by contract with employee groups, as well as payments to the Social Security and retirement systems. Also included here are payments for interest and principal payments for borrowing, whether for short-term purposes or for long-term debt for capital projects. The term "undistributed" means that the item is not assigned to the function for which it is expended; for example, the district makes one large payment to the Teachers Retirement System for all employees covered by that system instead of distributing the payment among numerous payroll codes.

Rollover Budget

Definition:

What will it cost to do everything that we are currently doing in the 2017-18 school year, in the 2018-19 school year.

- This includes all programs, classes, staff and student opportunities that currently exist.

* This is not the final Budget

Applied Fund Balance

It is the total money available at the end of the fiscal period, which is comprised of the following areas:

- 1 – Unspent money from the “Expense Budget”
- 2 – Excess revenue received, over what was anticipated, in the “Revenue Budget”
- 3 – The amount of the previous year’s total fund balance which was not used to offset taxes or moved to reserves (an amount which should not exceed 4% of the coming year’s budget - called the unrestricted fund balance)
- 4 – Release of prior year encumbrances

Contingent Budget

If the proposed budget is not approved:

1. The district may resubmit the original budget or submit a revised budget to the voters on the third Tuesday in June

Or

2. Adopt a contingency budget that levies a tax no greater than that of the prior year (0% increase in tax levy)

If the resubmitted/revised budget is not approved, the BOE must adopt a budget with no increase in tax levy over the previous year (no exemptions, exclusions, or growth factors).
