

**WILLIAM FLOYD SCHOOL DISTRICT
SPRING 2018 DRIVER EDUCATION INFORMATION
APPLICATION PROCEDURES**

Due to limited availability, a maximum of 80 students will be selected for Spring 2018 Driver Education.

Registration will be held in the high school south lobby as follows:

**Seniors: Wednesday, January 17, 2018 @ 3:30pm
Juniors/Sophomores: Thursday, January 18, 2018 @ 3:30pm**

Registration must be done in person.

Driver Education consists of two (2) days a week, one day in car and one day in lecture class. The sessions are 2:15 – 3:45 or 3:45 – 5:15. Once you are registered, you will be assigned a driving day and lecture day which cannot be changed. **If you are in sports or have other commitments after school that conflict with this schedule, it is suggested that you do not sign up as the fee is non-refundable and the program is setup with just enough driving and lecture classes that are required by New York State for you to obtain you certificate so there is no room for absences.**

Students should print the application and complete it with their parents. **This completed application along with a copy of driver license/permit and payment of the \$400.00 fee (check or money order payable to William Floyd School District or cash) must be presented at registration.** If a student arrives without all of the required information the District cannot hold a spot for them.

Procedures, Expectations and Attendance Requirements

In order to be issued a New York MV-285 “Student Certificate of Completion” certificate, New York State law requires you to have 6 hours actual driving, 18 hours of in-car observation and 24 hours of class lecture. Students are scheduled for exactly the number of hours required by New York State. Absences involving extenuating circumstances require documentation and are considered and/or approved on a case-by-case basis. Students and parents/guardians are advised that family vacations, jobs, or participation on a sports team are not considered to be justifiable reasons for absence. Any approved absence must be made up, and in those situations, students must arrange with the teacher to make up the missed class. In cases where a student misses an in-car session, it is the student’s responsibility to switch with another student if he/she cannot attend. **If missing sessions are not made up, the MV-285 cannot be issued. Students enrolled in Driver Education are expected to be in good standing with respect to attendance and behavior for the duration of the course. Students and parents please note: Any student who is absent from a Driver education lecture or in-car class because of disciplinary action, such as a suspension from school, will be dropped from the class.** Lecture classes will take place at William Floyd High School and in-car sessions are scheduled with Turning Point Driving School, Inc. Students are not permitted to drive when wearing “flip-flops”, as it is unsafe and not permitted by the driving school. Once Driver Education classes begin on Monday, September 11, 2017, **NO REFUNDS** will be issued for the course or classes.
