The district has learned that six students have tested positive for COVID-19. Contact tracing has been completed and anyone deemed to have been in close contact has been notified of the requirements to quarantine. These individuals will not be allowed to return to school/work until medically cleared to do so.

Location and last in-school dates (students)

- Two students who attend William Floyd High School tested positive and were last in school on January 5, January 21, respectively.
- One student who attends William Paca Middle School tested positive and was last in school on January 20.
- Three students who attend Nathaniel Woodhull Elementary School tested positive and was last in school on January 12 (two) and January 20, respectively.

The district has reported these cases to the Suffolk County Department of Health and to New York State. They will appear on the state's COVID-19 dashboard.

The district will continue to diligently deep clean and sanitize all buildings each night after in-person learning. For those who use district transportation, buses are also cleaned after morning and afternoon routes by our transportation companies. During cold and flu season, as in all seasons, it is important to continue to take all necessary precautions such as staying home when sick, coughing/sneezing into the crook of your elbow, washing your hands frequently, staying socially distant and wearing a mask.
